SKIDMORE
COLLEGE

Local & Regional Cultural Resources Guide

We enhance the intellectual and cultural vitality of our community when persons of many different backgrounds and viewpoints draw upon distinct personal histories and engage in honest dialog. Diversity, likewise, links directly with creativity: interactions between disparate perspectives frequently strike the intellectual sparks that herald the emergence of a new idea. Attention to difference in background, cultural perspective, life experience, and worldview is thus an essential element within the larger framework of Skidmore's most fundamental and longstanding institutional commitments.

-President Philip A Glotzbach

Dear Skidmore Community,

This resource has been developed to assist you in identifying and locating some of the many diversity businesses in and around Saratoga and the Capital Region. This resource is just a quick look at what our region has to offer to individuals with various tastes and cultural backgrounds.

We hope to provide everyone in our college community the opportunity to see why we believe that Skidmore College and this region is a wonderful place to spend your student years and is a great place to work and live.

While we have made an effort to identify as many of these businesses and resources, we know we have not captured them all and that they will change over time. Therefore, if you know of any culturally diverse business which are not identified in this resource please feel free to contact us and we will consider including your suggestion in our next update. Please contact Clarissa Sawyer at csawyer@skidmore.edu x5802 with any ideas or suggestions you might have to add to this list.

Cordially,
Human Resources
