**SKIDMORE COLLEGE**

**SUMMARY OF EMPLOYEE BENEFIT PLANS**

The following is a summary of the comprehensive benefit plans Skidmore College offers to exempt employees (Faculty and Administrative/Professional Staff) and non-exempt employees (Support Staff). Every attempt has been made to ensure that all information in this Summary is clear and accurate. However, this summary is not a legal document. An individual Summary Plan Description governs each benefit plan available through Skidmore's benefit programs. A detailed description for each plan can be obtained in Human Resources at 580-5800. Benefits may be changed or revised at the sole discretion of the College.

## **Skidmore College Employee Benefit Plans Summary**

### **THE SKIDMORE COLLEGE FLEXIBLE BENEFITS PROGRAM**

#### **What is the Skidmore College Flexible Benefits Program?**

The Skidmore College Flexible Benefits Program is a cafeteria plan whereby you can choose from a “menu” of one or more qualified benefits. You will also have the opportunity to pay for employee contributions, if any, with tax-free dollars. Additionally, the program allows you to have a portion of your pay set aside before any taxes have been calculated to be applied to “Flexible Spending Accounts” to pay for certain health care expenses not covered elsewhere in the Program as well as dependent day care costs.

As a newly hired benefit eligible employee, you are covered under this Program the first of the month following date of hire. If hired on the first of the month, benefits begin immediately. You will have the opportunity to attend a detailed benefits orientation shortly after you begin employment to choose benefits for the remainder of the benefit year (calendar year). You will be given a personalized Benefits Election Form and enrollment applications during your benefits orientation to select your benefits. Continuing employees have the opportunity to change their benefits during open enrollment each November to be effective the following January 1st.

While some Program information is provided in this summary, please refer to the “Skidmore College Flexible Benefits Program” brochure for full benefit details.

#### **Who may participate in the Flexible Benefits Program?**

You are eligible to participate in Skidmore’s Flexible Benefits Program if you are a regular full-time employee, or a part-time employee hired to work in a 12 month position for at least 1,365 hours per year; full-time Faculty appointed in temporary positions for at least two consecutive semesters; Administrative/Professional and Support Staff hired in full-time temporary positions for at least 9 consecutive months; Faculty, Administrative/Professional and Support Staff appointed to an approved shared position.

#### **What benefits are included in the Flexible Benefits Program?**

You have the option of choosing from the following benefit plans:

- Three health care plans plus the choice to waive coverage if you have health care coverage elsewhere;
- Dental coverage;
- Life insurance for yourself; and
- Two separate Flexible Spending Accounts (FSA); one that reimburses you for certain health care related expenses, including dental and vision expenses; and another that reimburses you for dependent day care expenses.

## Skidmore College Employee Benefit Plans Summary

### Healthcare Plans

#### **What are my choices of health care plans?**

Skidmore offers a choice of three health care plans through the Flexible Benefits Program:

- The Skidmore College PPO Plan also known as the Traditional Blue PPO through Blue Shield of NENY
- MVP Health Plan
- CDPHP (Capital District Physicians' Health Plan)

You may cover your spouse and/or dependent children up to age 19, or age 25 if they are full-time students, in your health care plan. Qualified domestic partners are also eligible to participate in your chosen plan. Full benefit details can be found in the Domestic Partner Policy location on the following web page: <http://cms.skidmore.edu/hr/benefits/index.cfm>

#### **What is the cost of a health care plan to employees?**

The cost of a health care plan to you will vary depending on the level of coverage needed (i.e. individual, dual or family), the health care plan chosen, and your annual base salary. Your employee contribution will be deducted from your paycheck, prorated over the remainder of the calendar year (for continuing employees prorated over the entire calendar year) before state, federal and FICA taxes are calculated. An *Employee Health Care Cost Sharing* sheet is included in your benefit package. It can also be located on the following web page: <http://cms.skidmore.edu/hr/benefits/benefitsprograminfo.cfm>. The College will contribute the remaining cost of the annual health care premium on your behalf.

The College also contributes a prorated portion of the annual premium to participants in approved shared appointments. Participants are required to contribute a prorated portion of the annual cost if they elect health care coverage. More detailed information is located in the policy on Shared Appointments.

#### **What are the highlights of each health care plan?**

A health care plan comparison summary is outlined on the following page; however, please refer to the actual individual Plan booklets for more detailed coverage.

<b>Dental Plan B</b>		
<b>Services</b>	<b>In-Network Dentists</b>	<b>Out-of-Network Dentists*</b>
Preventive Services	100% covered by Plan	100% covered by Plan
Basic Services	80% covered after deductible	80% covered after deductible
Major Services	50% covered after deductible	No Coverage
Orthodontics (up to age 19)	No Coverage	No Coverage
Maximum Benefit Per Family Member Per Year	\$1,000	\$1,000
Discounted Services	n/a	n/a

Dental Services are outlined below. However, please review the Dental Plan brochure for a detailed description of coverage.

#### Preventive Services

Teeth Cleaning  
Oral Examinations  
Emergency Treatment  
X-Rays

#### Basic Services

Laboratory Tests  
Extractions and other Oral Surgery  
Fillings: Amalgam, Silicate & Acrylic  
Periodontal Services  
Root Canal  
Repair & Maintenance of Bridgework  
& Dentures  
Anesthesia

#### Major Services

Gold & Porcelain Fillings & Crowns  
Installation of Bridgework & Dentures

- In-Network = Participating Dentists in the Delta Dental Plans;
- \*Out-of-Network dental charges will be paid for only up to reasonable and customary charges.
- Basic, Major and Orthodontic coverage are subject to a \$50 per person/\$150 family calendar year deductible;
- Children are eligible for coverage up to age 20, or through age 26 if they are full-time students;
- Discounted Services refers to the set maximum fees that have been negotiated with participating dentists. They average 30% less than the fees usually charged.

## **Skidmore College Employee Benefit Plans**

### **What is the cost of the dental plan to employees?**

The cost of the dental plan is the responsibility of the participating employee and is purchased with tax-free dollars through the Flexible Benefits Program. The College does not contribute to the cost of this Plan. The cost of the plan may be found at the following web site:

<http://cms.skidmore.edu/hr/benefits/benefitsprograminfo.cfm>.

### **Group Term Life Insurance**

#### **What group term life insurance plans are offered?**

Skidmore College provides you with \$50,000 group term life insurance, which ceases at separation of employment. You may also elect additional group term life insurance at the following levels upon hire: \$50,000; \$100,000; \$150,000; \$200,000; or \$250,000.

#### **What is the cost of the group term life insurance plan?**

There is no cost to you for the base \$50,000 plan the College provides. The cost for any additional coverage you elect will be based on the amount elected and your age at the time of benefit eligibility. Thereafter, the cost will be based on your age each January 1st. The cost of the plan may be found at: <http://cms.skidmore.edu/hr/benefits/benefitsprograminfo.cfm>.

#### **Are there other costs to employees when buying group term life insurance?**

Under federal guidelines, the value of group term life insurance in excess of \$50,000, referred to as imputed income, is taxable income and, as such, is reported annually on your W2. The taxable value of group term life insurance is determined by age and rate as outlined in Table 1 of Treasury Regulation Section 1.79-3 (see the Flexible Benefits Program brochure). While the value is subject to federal, state and FICA taxes (Social Security/Medicare taxes), the College is only required to withhold FICA taxes.

### **Flexible Spending Accounts**

#### **What are Flexible Spending Accounts?**

Under the Flexible Benefits Program, you can establish Flexible Spending Accounts (FSA) to help pay for certain uninsured health care expenses and dependent day care expenses incurred as of your benefit eligibility date through the end of the calendar year. The spending accounts are funded with your tax-free dollars and are composed of two funds -- Health Care Spending Account and Dependent Care Spending Account.

While these Accounts afford employees a tax benefit, it is important you read the plan outline in the "Flexible Benefits Program" brochure for detailed information before making your decision to participate in these accounts.

## **Skidmore College Employee Benefit Plans**

### **DEPENDENT LIFE INSURANCE**

#### **What is dependent life insurance?**

Dependent life insurance covers an employee's spouse for \$10,000 group term life insurance and each unmarried dependent child for \$4,000 until age of 19, or age 23 if they are a full-time student. Employees are automatically named as the beneficiary if coverage is elected.

While dependent life insurance can not be a part of the Flexible Benefits Program under the IRS regulations, the College does include the information and election option with the Flexible Benefits Program for employee convenience.

#### **What is the cost of the dependent life insurance plan?**

The cost of this plan, determined annually by the insurance company, is the same for each participant whether one or more dependents are covered. The current cost will be given to participants at the time of their benefits orientation.

#### **Who may participate in dependent life insurance?**

You are eligible to participate in Skidmore's Flexible Benefits Program if you are a regular or temporary full-time employee hired in a 9 to 12 month appointment, or a part-time employee hired to work in a 12 month position for at least 1,365 hours per year; full-time Faculty appointed in temporary positions for at least two consecutive semesters; and Faculty, Administrative/Professional and Support Staff appointed to an approved shared position.

### **BEREAVEMENT LEAVE**

#### **What is the duration of bereavement leave?**

In the case of death in the immediate family, employees will be permitted a bereavement leave of up to four (4) days with pay. Immediate family includes spouse, qualified domestic partner, child or step-child, parent or step-parent, or guardian, brother, sister, brother-in-law, sister-in-law, mother-in-law or step-mother-in-law, father-in-law or step-father-in-law, employee's grandparents or spouse's grandparents, grandchildren or any related person living in the employee's home.

#### **Who is eligible for bereavement leave?**

Regular full- and part-time exempt and non-exempt employees are eligible for this benefit as of date of hire.

## **Skidmore College Employee Benefit Plans**

### **BUSINESS TRAVEL INSURANCE**

#### **What does business travel insurance cover?**

The College provides a blanket \$100,000 policy for accidental death, to include dismemberment at a prorated schedule, while traveling on College related business. This does not include traveling between home and your work location.

#### **Who is eligible for Business Travel Insurance?**

Full- and part-time exempt and non-exempt employees are automatically enrolled as of date of hire.

### **LEAVES OF ABSENCE**

#### **Administrative Leave of Absence**

##### **What is an administrative leave of absence?**

The Administrative Leave Program is designed to encourage professional growth and to provide an opportunity to pursue a professional or educational project. The length of leave may vary from several weeks to up to five (5) months. Normally, the College approves no more than four administrative leaves annually. If approved, regular base salary and benefits are continued while on Administrative Leave. This benefit is not an entitlement. Employees who are interested in requesting an administrative leave must submit their request to their Dean or Vice President by January of each year. President's Staff will review requests by February of each year.

##### **Who is eligible for an administrative leave?**

Regular full- and part-time exempt employees (Administrative/Professional) with a minimum of six years of continuous service are eligible to apply for a paid administrative leave of absence. Policy and procedures may be obtained at <http://cms.skidmore.edu/hr/policies/index.cfm>

#### **Military Leave of Absence**

The College recognizes the need to have a policy that addresses the employment and re-employment rights of full- and part-time employees who serve in the military. It is the policy of the College to comply with the Uniformed Services Employment and Reemployment Act of 1994 (USERRA) as amended and applicable state law which protect job rights and benefits for veterans and members of the reserves. The law covers all persons serving in the Army, Navy, Marine Corps, Air Force, Coast Guard, Public Health Service commissioned corps, and the reserve components of these services, the National Disaster Medical System and the National Guard.

USERRA gives protections to those individuals who are absent from work for active duty, active duty for training, initial active duty for training (such as drills), inactive duty training, full-time

## **Skidmore College Employee Benefit Plans**

National Guard and/or National Disaster Medical System duty, and a period for which a person is absent from a position of employment for the purpose of an examination to determine the fitness of the person to perform any such duty.

### **Notice Period**

Unless precluded by military necessity or circumstances under which the giving of notice is otherwise impracticable or unreasonable, the employee (or an appropriate officer of the uniformed service in which the employee is to serve) must give as much advance written or oral notice as possible of the need for military leave. It is the employee's responsibility to submit a copy of his/her military orders prior to their leave and, if extended, submit a copy of their extended orders in a timely manner to ensure their position at the College.

### **Inactive Duty**

If an employee is a member of one of the Reserve Units noted above, and is required to attend training or annual two-week encampment, or any other type of military exercise, the employee may elect to take vacation, if sufficient earned days of vacation are available, or to take a military leave of absence.

### **Active Duty**

If an employee is absent from work due to active military service, the College will grant the employee a leave of absence for the duration of such period of service up to the maximum required by USERRA.

### **Employment and Pay**

If military leave of absence is elected under either an Inactive or Active Duty assignment, "makeup pay" for a period 10 work days or 14 calendar days (whichever is greater) in a 12 month period will be granted. The "makeup pay" will be the difference between the normal base salary/wage for the period of time lost and the military pay (exclusive of travel and similar allowances) earned while at the encampment or training. To receive "makeup pay" each employee will be responsible for furnishing proof of participation in military training and a statement of government pay received. Employees may elect to use paid leave time in lieu of military leave or a combination of paid leave and military leave.

### **Reemployment**

Under the Uniformed Services Employment and Reemployment Rights Act (USERRA) of 1994, as amended, an employee is entitled to reemployment by Skidmore College upon separation from military service, provided the employee:

- Gave advance written or verbal notice of service;
- Was separated from service with an honorable or qualifying discharge;
- Was employed in a position for which there was an expectation of continued employment;
- Has not been absent for duty in the Uniformed Services for longer than a cumulative period of five years unless involuntarily retained in the Uniformed Service; and

## Skidmore College Employee Benefit Plans

- Reported to work or notified his or her supervisor of an intention to return to work, at the proper time, as indicated in the following table:

Period of Service	Action Employee Must Take	When Action Must Be Taken From Completion of Service
1 – 30 days	Report to work	On the next regular full work day after safe transport back to employee's home
31 – 180 days	Notify his or her supervisor of the employee's intent to return to work	Within 14 days after the completion of service
181+ days	Notify his or her supervisor of the employee's intent to return to work	Within 90 days after the completion of service

An eligible employee will be reinstated to his or her former position and benefits, the position and benefits he/she would have attained if he/she had not been absent due to military service, or, in some cases, a comparable position.

### Benefit Continuation and Reinstatement

The following benefit policies pertain to periods of military service qualifying under the Uniformed Services Employment and Reemployment Rights Act (USERRA).

- A. Healthcare: The College provides employees with limited health coverage during military leave. For an employee on active duty for fewer than 31 days, the College provides healthcare coverage as if he or she had not taken leave. Those on active duty for 31 or more days may elect to continue employer-sponsored healthcare for themselves and covered dependents up to 24 months while in the military. As with other extended leaves, the College may require employees electing coverage to pay up to 102% of the full premium.

Even if the employee does not elect to continue coverage during military service, the employee has the right to be reinstated in the college's health plan upon reemployment, generally without any waiting period or exclusions (e.g., pre-existing conditions) except for service-connected illnesses or injuries.

- B. Pension Plan: Upon the employee's return to work, the College will give service credit for pension accrual and contributions to those who go on active duty to the same extent as for similarly situated employees who were not absent on military leave.
- C. College's 403(b) Plan: Employees participating in the College's 403(b) Plan may make up any contributions missed due to being on leave when they return to work. Although the requirements for making retroactive contributions are complex under the controlling law, and we will advise you of your specific rights and obligations upon your reemployment, you should understand that returning employees may take up to three times the length of military service, to a maximum of five years, to make up contributions which were not made during military leave. Moreover, makeup contributions are not subject to the annual limitations on plan contributions.

## **Skidmore College Employee Benefit Plans**

- D. Other Benefits: The coverage provided by insurance such as group life insurance and long term disability insurance will be reinstated, with no waiting period, when the employee returns to active employment with the College.

Dependents of employees who are eligible or become eligible for tuition remission benefits and course fee waiver benefits will retain this eligibility during the time the employee is on military leave.

Employees reemployed following military leave will receive seniority and other benefits determined by seniority that the employee had at the beginning of the military leave, plus any additional seniority and benefits the employee would have attained, with reasonable certainty, had the individual remained continuously employed. In addition, an employee's time spent on active military duty will be counted toward their eligibility for FMLA leave once they return to their position.

This policy may not address all issues concerning your rights during military leave. Insofar as issues arise that are not addressed in this policy, the College will abide by USERRA and any controlling state law. Should you have any questions or require further information, please see your Human Resources Department for further information regarding military leave.

### **Unpaid Leave of Absence**

#### **What is the duration of an unpaid leave of absence?**

The College will consider requests for unpaid leaves of absence for up to 12 months from eligible employees.

#### **When will leaves be approved?**

The College will consider unpaid leave requests for educational or personal reasons. Approval will be based on departmental and budgetary needs.

In accordance with the Family and Medical Leave Act (FMLA), a request for unpaid leave of absence for up to twelve (12) weeks will be granted for any of the following reasons: (1) birth of a child, adoption, or foster care placement with an employee; (2) to care for a seriously ill child, spouse, or parent with a serious health condition; (3) serious illness of an employee which causes the employee to be unable to perform the functions of their position; (4) a covered family member's active duty or call to active duty in the Armed Forces; (6) to care for an injured or ill service member. Please refer to the *Family Medical Leave Policy* for further details. Under the FMLA, employees may be required to provide 30 days advance notice before taking leave for foreseeable events. When this is not practical, notice must be given "as soon as practicable." Ordinarily, this means within one or two business days of learning of the need for leave. Medical certification may be required.

## **Skidmore College Employee Benefit Plans**

### **Who may apply for an unpaid leave of absence?**

Regular full- and part-time exempt and non-exempt employees are eligible to participate in this program if they have worked for the College for at least one year and for at least 1,250 hours over the previous 12 months.

## **SICK LEAVE**

### **Does my salary continue if I am ill?**

If it is necessary for you to be absent from work for up to five consecutive days due to illness or injury (your own or a family member living in your household), you are eligible to receive full paid sick leave benefits. You must notify your supervisor of the illness or injury as soon as possible in advance of your scheduled work day. You should inform your supervisor daily of your progress and expected date of return to work except during hospitalization or lengthy convalescence.

The College reserves the right to require any staff member who is absent to provide a physician's note confirming the staff member was ill. For instance, patterns of absence that indicate abuse of the sick leave policy can be reason for requiring a medical certification and or taking disciplinary action. As a general rule, Skidmore considers employees utilizing more than 8 sick days a year as a potential excessive use of sick time. This includes time out for family members also.

### **Who is eligible for paid sick leave?**

Regular and temporary full- and part-time Administrative/Professional and Support Staff who are hired for a 9, 10, 11 or 12 month position are eligible to participate in this benefit upon date of hire.

## **SHORT-TERM DISABILITY COVERAGE**

### **What are short-term disability benefits?**

Under NYS Disability coverage, you may be eligible for partial salary/wages if you can not return to work after seven consecutive calendar days due to illness or non-work related injury, are under the care of a physician, and have been employed by the College for at least four weeks.

### **What salary/wages are paid under short-term disability benefits?**

You are eligible to receive salary/wage payments under the NYS Disability Plan equal to 50% of salary up to \$170 per week for up to 26 weeks in a 12 month period after the first seven calendar days of illness or non-work related injury.

## Skidmore College Employee Benefit Plans

### Does the College provide supplemental salary/wage payments during disability?

After one year of employment, exempt employees (Administrative/Professional Staff) are also eligible to receive supplemental disability salary payments equal to 100% of the difference between their regular base salary and the NYS Disability Plan payments for up to 6 months. Non-exempt employees (Support Staff) are also eligible to receive supplemental disability salary/wage payments equal to 100% of the difference between their regular base salary/wage and the NYS Disability Plan payments as follows:

Length of Service At Least but Less Than	Number of Weeks by Percent of Salary/Wage	
	100%	50% up to \$170 per week
4 weeks - 1 year	1 week	25 weeks
1 year - 2 years	2 weeks	24 weeks
2 years - 3 years	5 weeks	21 weeks
3 years - 4 years	8 weeks	18 weeks
4 years - 5 years	11 weeks	15 weeks
5 years and over	26 weeks	

Supplemental salary, for both exempt and non-exempt employees, is paid for up to 26 weeks maximum in a 12-month period and is inclusive for both NYS Disability Leave and Workers Compensation Leave. NYS Disability payments are also subject to a maximum of 26 weeks in a 12-month period. Time lost under this Plan is also designated as time lost under the Family Medical Leave Act.

Salary/wage payments for both exempt and non-exempt employees are paid through the College's payroll.

### Who is eligible for this benefit?

Full- and part-time Administrative/Professional and Support Staff are eligible for NYS Disability benefits after four weeks employment. Full- and part-time exempt and non-exempt employees are eligible for supplemental salary/wage benefits as outlined above.

New York State does not cover Faculty under this benefit. However, the College provides the same level of benefits to faculty as provided to exempt employees.

## LONG-TERM DISABILITY COVERAGE

### What is long-term disability coverage?

The long-term disability plan provides financial protection for you by paying a portion of your income while you are disabled. The amount you receive is based on the amount you earned before your disability began. Benefits begin 26 weeks after you first become disabled.

### What salary will I receive?

If approved, the Plan will pay a basic monthly income benefit equal to 60% of monthly earnings to a maximum benefit of \$5,000 per month. Certain other incomes (i.e. Social Security

## **Skidmore College Employee Benefit Plans**

Disability Benefits, Workers Compensation payments) are deducted from this payment. Please refer to the Plan brochure for a complete list.

Under the disability plus rider, you may be eligible for an additional 40% of salary up to a maximum of \$2,000. An employee is disabled under this rider when the insurance carrier determines that due to sickness or injury they lose the ability to safely and completely perform two activities of daily living without another person's assistance or verbal cueing; or you have a deterioration or loss in intellectual capacity and need another person's assistance or verbal cueing for your protection or for the protection of others. Please refer to the Plan brochure for further detail.

### **Are there other benefits under this plan?**

This Plan also provides for continued contributions to your basic retirement plan through Skidmore College.

### **What are the employee's costs to participate in this coverage?**

The College pays the full cost of this coverage for eligible employees. Under IRS regulations, any benefits paid are taxable.

### **Who is eligible for long-term disability coverage?**

Full- and part-time employees eligible to participate in the Flexible Benefits Program are eligible for Long-Term Disability coverage the first of the month following one year of employment.

## **WORKERS' COMPENSATION BENEFITS**

[Accident Report Form](#)

### **What are Workers' Compensation Benefits?**

If you are injured at work, you may be eligible for NYS Workers' Compensation benefits. If you are absent from work due to injury, the Workers' Compensation Plan provides partial salary/wage payments beginning on the eighth calendar lost workday. Incurred medical expenses are also paid by this Plan.

### **What salary/wages are paid under Workers' Compensation?**

The College will pay your regular salary/wage for the first five lost workdays. Workers' Compensation benefits, which begin on the eighth consecutive lost workday, pay you two-thirds of your salary/wage based on an average of your prior 52 weeks earnings. This benefit will be mailed directly to you from the insurance company and is non-taxable.

Exempt employees (Administrative/Professional Staff and Faculty) are eligible to receive supplemental salary payments from the College based on the difference between their regular base salary/wage and the Workers' Compensation benefits after one year of employment.

Non-exempt (Support Staff) employees are eligible to receive supplemental salary/wage payments from the College based on the difference between their regular base salary/wage and the Workers' Compensation benefits according to the following schedule.

## Skidmore College Employee Benefit Plans

Length of Service At Least but Less Than	Number of Weeks by Percent of Salary/Wage	
	100%	50% up to \$170 per week
4 weeks - 1 year	1 week	25 weeks
1 year - 2 years	2 weeks	24 weeks
2 years - 3 years	5 weeks	21 weeks
3 years - 4 years	8 weeks	18 weeks
4 years - 5 years	11 weeks	15 weeks
5 years and over	26 weeks	

Supplemental salary/wage payments are paid through the College's payroll for exempt and non-exempt employees and are inclusive for both NYS Disability Leave and Workers Compensation Leave. Time lost under this plan is also designated as time lost under the Family Medical Leave Act.

### Who is eligible for this benefit?

Full- and part-time exempt and non-exempt employees are eligible for Workers' Compensation benefits. Full- and part-time exempt and non-exempt employees are eligible for supplemental salary/wage benefits as outlined above.

## RETIREMENT PLAN OPTIONS

### The Basic Retirement Plan

#### What is the basic retirement plan?

Skidmore College's Retirement Plan, a defined contribution plan as described in section 403(b) of the Internal Revenue Code (IRC), is designed to provide employees with flexibility in meeting individual financial objectives at retirement by offering a wide choice of investment alternatives for both the basic and supplemental parts of the retirement plan. Investment choices are offered through two providers: TIAA-CREF and Vanguard Mutual Funds.

The plans established through these firms provide for individually owned retirement accounts that provide full and immediate vesting as well as portability/transferability to some other institutions. Employees select the manner in which contributions are to be applied and adjust the application of contributions depending upon personal preference and any plan restrictions.

For further plan details, please read the *Skidmore College Retirement Plan Overview* which is located at <http://cms.skidmore.edu/hr/benefits/retirement.cfm>

#### What is the amount of the College's contribution?

The College contributes an amount equal to 10% of base annual salary/wage if an employee is less than age 50, or 11% if age 50 or over, into the basic retirement plan.

#### Do I have to participate?

If eligible, participation in the basic retirement plan is mandatory.

## **Skidmore College Employee Benefit Plans**

### **Who is eligible for the basic retirement plan?**

Exempt and non-exempt employees, who work at least 1,000 hours per year, or an equivalent of teaching at least 9 credit hours per year, are eligible to participate in the Plan after completing one year of continuous service to the College.

A year of service shall be defined as a twelve consecutive month period in which the employee is credited with 1,000 hours of service or with teaching at least 9 credit hours per year. The initial computation period shall commence on the employee's date of hire. Subsequent computation periods shall be based on the Plan Year (a calendar year). An employee who meets eligibility requirements after the initial computation period shall commence participation in the Plan as of the first payroll period following completion of the eligibility requirements and necessary enrollment forms.

The College will recognize time spent previously employed at a post secondary degree granting institution, or a qualified research organization which is considered tax-exempt under code 501c(3) of the IRC, and the employee has participated in their previous employer's 401(a), 403(a) or 403(b) basic retirement plan. The previous employer must confirm participation in one of the above mentioned basic retirement plans and certify the term of such employment to the College.

### **Supplemental Retirement Account**

#### **What is a supplement retirement account (SRA)?**

Employees have the opportunity to contribute a portion of salary/wages into the retirement plan through TIAA-CREF or Vanguard Mutual Funds on a salary/wage reduction basis. Any money contributed will be deducted from salary/wages before state and federal taxes are computed. Tax liability is deferred until funds are withdrawn.

#### **What amount can an employee contribute to an SRA?**

The minimum employee contribution is \$8.25 per pay period. The maximum employee contribution is determined under IRS guidelines and is listed on the college's Salary Reduction Agreement form. This amount may change annually. Employees have the option of electing a flat dollar amount or a percentage of total salary/wage into a supplemental retirement plan account. If a percentage of total salary/wage is chosen, the contribution will automatically increase when the employee's salary/wage is increased. Under IRS guidelines, the maximum contribution is based on a calendar year.

#### **Who is eligible to begin a supplemental retirement account?**

All exempt and non-exempt employees are eligible to establish a supplemental retirement account as of date of hire.

## **Skidmore College Employee Benefit Plans**

### **Phased Employment Program**

#### **What is the Phased Employment Program?**

The Phased Employment Program was designed for employees who, through a pre-retirement reduction of their full-time working commitment, can gradually phase into retirement over a period of up to 5 years. Participation in the program is not an entitlement. The program is voluntary for both the employee and College, and all terms or arrangements will be mutually agreed upon and documented.

Participants must be in active status or on an authorized leave of absence to apply for this benefit. The employee's age and length of service must combine to equal not less than 70, with a minimum age of 50 and a minimum of 15 years of full-time service or its equivalent during the last seven years of which were full-time employment at the College. All participants must retire at the completion of the agreed upon period. Further detail may be obtained in the Phased Employment Program Policy located at: <http://cms.skidmore.edu/hr/policies/index.cfm>

#### **Who may apply for phased employment?**

Regular full-time exempt and non-exempt employees who meet the above criteria are eligible to apply for this program.

### **Post Retirement Benefits**

#### **What is the age and service requirement for retirement?**

Full- or part-time employees who cease employment at age 55 or older and have at least 15 years of full-time service are considered retirees of the College.

#### **Who is eligible for College benefits in retirement?**

To be a benefit eligible retiree, employees must have been full-time with at least 15 years of full-time service and have attained at least age 55 at the time of retirement. Part-time employees who were appointed to a 12 month position for at least 1,365 hours per year, have at least 15 years of service at retirement, and have attained at least age 55 are also considered benefit eligible retirees.

#### **What group term life insurance benefits are provided to retirees?**

If an eligible employee (as noted above) retires between age 55 and 65, they are provided with \$50,000 group term life insurance. This coverage is provided at no cost and will cease at age 65. The retiree has the option of purchasing this coverage directly from the insurance company within 30 days of their 65<sup>th</sup> birthday. If they were covered by supplemental life insurance as an active employee, they also have the option of purchasing the supplemental group term life insurance coverage directly from the insurance company at the time of their retirement.

## Skidmore College Employee Benefit Plans

### Are health care benefits provided in retirement?

Eligible employees who were hired on or before September 3, 2008, with the above noted minimum age and service requirements, are eligible for partial or full funding of health care benefits in retirement. Employees hired after September 3, 2008, are not eligible for health care coverage in retirement. However, the College will make an annual contribution of an amount equal to 1% of base salary to one of our tax-deferred retirement plans to defray health care costs in retirement for those employees hired after September 3, 2008.

### Are dependents covered in post-retirement health care benefits?

Family members who are eligible for health care coverage at the time of the employee's retirement will be eligible for health care coverage under the rules and regulations of the health care plan during the employee's retirement.

### What level of health care benefits is provided to retirees?

While an employee may retire at the age of 55, post-retirement health care benefits funded by the College will begin at age 60 for those eligible according to the following schedule for the retiree and eligible dependents:

<u>Years of Service</u>	<u>Percentage of Premium Paid by College</u>
20 years of full-time service	100%
19 years of full-time service	90%
18 years of full-time service	80%
17 years of full-time service	70%
16 years of full-time service	60%
15 years of full-time service	50%

Under this plan, a retiree will receive the above percentage of premium paid by the College the month following attaining age 60 and throughout his/her retirement years. For example, if an employee chose to retire at age 55, and at that time had 20 years of full-time service, the College would begin to pay 100% of cost for the College funded health care plan or its equivalent the month following the retiree's 60<sup>th</sup> birthday. If, on the other hand, the same employee had 18 years of full-time service at retirement, the College would begin paying 80% of cost for the College funded health care plan or its equivalent the month following their 60<sup>th</sup> birthday. The premium contribution level of 80% would continue throughout his/her retirement years.

In both instances the retiree would be eligible to continue his/her health care coverage until the month following their 60<sup>th</sup> birthday by paying the full monthly health care premium. Anyone who chooses to interrupt coverage until age 60 or later will be allowed back into the plan when elected.

There is an exception to the above eligibility rules and schedule of health care contributions. Eligible employees may retire at age 55, and the College will provide 100% premium of the

## Skidmore College Employee Benefit Plans

College funded health care plan or its equivalent at retirement provided:

1. The eligible employee completed at least twelve (12) years of full-time service by January 1, 1995;  
and
2. The eligible employee meets the following "rule of 62" equation
$$\begin{array}{l} \text{Rule of 62} \\ \text{Minimum 12 years of full-time service} \\ \text{plus} \\ \text{Employee's age as of January 1, 1995} \\ \text{plus} \\ \text{Additional years of full-time service (beyond 12) as of January 1, 1995} \end{array}$$

## TUITION BENEFITS

### Internal Tuition Benefits for Employees

#### What is the internal tuition benefit for employees?

Flexible Benefits Program participants may receive free or prorated tuition for undergraduate course work on a credit or non-credit basis at Skidmore College, subject to the following conditions:

- Employees are allowed to enroll in one course per semester during work hours. When the course is offered during the employee's normal work schedule, a written request to take a class during work hours must be submitted to the supervisor. Courses taken outside of work hours do not require a supervisor's approval.
- Employees who are admitted to the University Without Walls program will receive the tuition benefit for courses taken at Skidmore College or other colleges in the Hudson-Mohawk Consortium. The student is responsible for paying the advisor's part of the enrollment fee.
- Employees must complete the appropriate Tuition Request form prior to enrollment in any class. Forms are available at: <http://www.skidmore.edu/administration/hr/>
- Employees are admitted into a course on a space-available basis after the regular registration period.
- The registration fee, cost of private instruction (for example, music lessons), laboratory fees, activity fees, other special fees, and the advisor's fee through University Without Walls, are not included in the tuition benefit.
- If an employee transfers to part-time employment or leaves Skidmore's employment before the course is completed, the tuition benefit will terminate upon the completion of the semester. If an employee retires, the tuition benefit will continue.
- Eligible employees may take courses offered by the Skidmore Continuing Education Program without paying the course fee as long as the course is open after the regular

## **Skidmore College Employee Benefit Plans**

registration period. The employee is responsible for paying any registration and lab fees. A partial fee may apply for non-credit courses.

### **Internal Tuition Benefits for Dependents**

#### **What is the internal tuition benefit for dependents?**

Skidmore provides a benefit of up to 100% of tuition cost for dependents (spouse or qualified domestic partner and legally dependent children) of eligible employees, after 3 years of continuous full-time service. Registration fees, cost of private instruction, laboratory fees, activity fees, other special fees, and the advisor's fee through the University Without Walls program are not included in the tuition benefit. This benefit is subject to the following conditions:

- At the time the tuition benefit is granted, the recipient must be the spouse, or qualified domestic partner, or legal dependent of an employee who meets the criteria for the tuition benefit. For purposes of this policy the term legally dependent children are those who qualify as dependents under the IRS code or are named to receive support for education in either a separation agreement or court-issued divorce decree.
- Dependents must apply for admission in the normal sequence and according to published admissions standards and deadlines.
- Non-matriculated dependents may take courses on a credit or non-credit basis in any semester without payment of tuition provided that the course is open after the regular registration period. To register for special student status through the Registrar's office, the dependent student must pay registration, applicable lab, and activity fees.
- Spouse, or qualified domestic partner, and dependent children who are admitted to the University without Walls program will receive the tuition benefit for courses taken at Skidmore College or other colleges in the Hudson-Mohawk Consortium. The student is responsible for paying the advisor's part of the enrollment fee.
- Spouse or qualified domestic partner and dependent children may take courses offered by the Skidmore Continuing Education Program without paying the course fee if the course is open after the regular registration period. The student is responsible for paying any registration and lab fees. A partial fee may apply for non-credit courses.
- Employees must complete the appropriate Tuition Request form prior to a dependent's enrollment. Forms are available at <http://www.skidmore.edu/administration/hr/> under "Forms."
- Dependents must apply for all eligible financial aid available to the student from state or federal sources through Student Aid and Family Finance in order to receive the Skidmore tuition benefit.

## **Skidmore College Employee Benefit Plans**

- In the event of death of an employee who held regular full-time employment at Skidmore for at least six years preceding death, the tuition benefit will continue for eligible dependents and/or spouse or qualified domestic partner.
- If the employee terminates or resigns from employment while his or her dependent is enrolled, the tuition benefit will terminate upon the completion of the semester.
- Cost of private instruction, laboratory fees, activity and other special fees, and room and board, are not included under the tuition benefit policy.
- Dependents eligible for the tuition benefit may be resident students at their own expense either on a space-available basis (after all other students have been assigned housing) or if they have been selected as head residents or resident assistants.

### **Who is eligible for the internal tuition benefits?**

Eligible employees are included in this benefit upon hire. Their dependents are included in this benefit after 3 years of continuous eligible service. For purpose of this policy, dependents are your spouse or qualified domestic partner and their legally dependent children, or your legally dependent children. The term "legally dependent" children shall be limited to children claimed on the employee's federal income tax return (or domestic partner's federal income tax return) or named to receive support for education in either a separation agreement or divorce decree issued by a court. Please refer to the Employee Handbook for a more detailed benefit explanation.

Eligible Employment Categories: Regular Full-Time in at least a 9 month appointment; Regular Part-Time in a 12 month appointment with at least 1,365 hours per year; Temporary Full-Time in at least a 9 month appointment, and Full-Time Regular Union Employees are eligible for the Internal Tuition Benefit. Approved Shared Appointments are eligible for a prorated benefit.

### **External Tuition Benefits**

#### **What is the external tuition benefit?**

After 3 years of continuous service, eligible employees may apply for tuition assistance for their legally dependent children, or legally dependent children of their eligible domestic partner, for 75% of the cost of tuition to a maximum of \$975 per semester, or \$1,950 per year, when attending an accredited college other than Skidmore for an undergraduate degree. This benefit is not available if the student is participating in the Tuition Exchange Program. Legally dependent children are those who qualify as dependents under the IRS code. Tuition assistance is available for up to eight semesters of undergraduate studies.

#### **Who is eligible for the external tuition benefit?**

Regular or temporary full-time employees hired in a 9 to 12 month appointment, or a part-time employee hired to work in a 12 month position for at least 1,365 hours per year; and full-time Faculty appointed in temporary positions for at least two consecutive semesters are eligible for

## **Skidmore College Employee Benefit Plans**

this benefit after three years of continuous service. Employees in shared appointments will receive a prorated portion of the tuition benefit after 3 years of continuous service.

### **Tuition Exchange Program**

#### **What is the Tuition Exchange Program?**

Over 500 undergraduate colleges nationwide participate in the Tuition Exchange Program. Participating institutions allow other employees' legally dependent children to attend their institution on a tuition free or prorated basis. Other fees and room and board are the responsibility of the student.

Participation in this program is not an employee entitlement. Information and applications for this Program can be obtained in the Student Aid and Family Finance Department. The existence and continuation of the Program rests solely with the College and participation will cease at separation of employment. Employees requesting benefits under the External Tuition Program cannot participate in the Tuition Exchange Program for the same child.

Legally dependent children are those who qualify as dependents under the IRS code. Registration fees, cost of private instruction, laboratory fees, activity fees, and other special fees are not included in the tuition benefit.

#### **Who may apply for the Tuition Exchange Program?**

Regular or temporary full-time employees hired in a 9 to 12 month appointment, or a part-time employee hired to work in a 12 month position for at least 1,365 hours per year; and full-time Faculty appointed in temporary positions for at least two consecutive semesters; and exempt and non-exempt employees in shared positions are eligible for this benefit after three years of continuous service. Additional information may be found at the following link:  
<http://cms.skidmore.edu/hr/benefits/index.cfm>.

## **VACATION LEAVE**

#### **How do I earn and use vacation leave?**

Vacation leave is accrued on a monthly basis prorated throughout the vacation year (June 1 through May 31) and may be taken after your 6 month introductory period. The total vacation hours will be earned by May 31. Pay in lieu of vacation is prohibited.

Use of vacation leave must be approved in advance by your supervisor and taken at times that will not interfere with the operational needs of your department. Vacation leave may be approved up to your total vacation year's accrual and can be taken in increments approved by your supervisor. However, upon separation of employment, vacation used in excess of the year-to-date accrued vacation must be paid back to the College.

## Skidmore College Employee Benefit Plans

Upon separation from the College, employees will be paid for unused accrued vacation that has been documented and approved by their supervisor. In these circumstances, paid vacation will not extend the length of employment.

### How many vacation hours will I accrue per year?

As a new full-time employee, you will receive a prorated portion of the following vacation hours during your first year of employment. Part-time employees, and temporary full-time employees working less than a 9 month appointment, will begin to earn a prorated portion of the vacation accrual after one year of continuous employment.

The College provides paid vacation leave to full-time exempt employees (Administrative/ Professional Staff) appointed to a 12-month position as follows:

#### 35 Hour Work Week

140 Hours for 12-Month Employees  
119 Hours for 10-Month Employees  
105 Hours for 9-Month Employees

#### 40 hour work week

160 Hours for 12-Month Employees  
136 Hours for 11-Month Employees  
120 Hours for 10-Month Employees

Exempt employees hired in 9, 10, or 11 month positions accrue a prorated portion of the above vacation accrual each vacation year.

The College provides paid vacation leave to full-time non-exempt employees (Support Staff) appointed to a 12-month position as follows:

<u>Years of Service</u>	<u>Vacation Accrual 35 Hour Work Week</u>	<u>Vacation Accrual 40 Hour Work Week</u>
1 – 3 years	70 hours	80 hours
4 – 6 years	105 hours	120 hours
7 years and over	140 hours	160 hours

Non-exempt employees hired in 9, 10, or 11 month positions accrue a prorated portion of the above vacation accrual each vacation year.

### What if I don't use all my accrued vacation?

Vacation leave can be used in the year it is earned or you may carry over up to 70 hours (less than or equal to a 35 hour work week) or 80 hours (40 hour work week) into the next vacation year. If not taken by the end of that vacation year, remaining vacation carryover is forfeited. Vacation hours carried over will be used before current year accrued vacation.

### Am I required to report unused vacation leave?

Unused vacation hours are reported to Financial Services annually. It is important for exempt employees to report any unused vacation at that time. Otherwise, any remaining hours will not be credited and assumed forfeited. Non-exempt employees report their vacation usage bi-weekly; therefore, any unused hours are automatically calculated on their behalf.

## Skidmore College Employee Benefit Plans

### HOLIDAYS

#### What holidays does the College provide?

The College provides holiday pay to eligible employees for the following days:

Floating Holiday	Christmas Day
Independence Day	New Year's Eve Day
Labor Day	New Year's Day
Thanksgiving	Martin Luther King Day
Day after Thanksgiving	Memorial Day
Christmas Eve Day	

Three days between Christmas and New Year's are normally included in the holidays. When a holiday falls on a Saturday, the preceding Friday is normally considered as the holiday. When a holiday falls on a Sunday, the following Monday is normally considered as the holiday. The exact dates for holidays can be located at the following web site: <http://cms.skidmore.edu/hr/benefits/index.cfm>.

The College provides paid holiday leave to full-time non-union employees appointed to a 12-month position based on the above holiday schedule as follows:

35 Hour Work Week  
98 Annual Hours

40 Hour Work Week  
112 Annual Hours

As holidays are changed at the College, the annual holidays hours will be appropriately adjusted. Employees hired in 9, 10, or 11 month positions are eligible for holidays occurring in their appointment schedule.

If an exempt employee (Administrative/Professional Staff) works on a designated holiday, they may choose another day off within the same fiscal year (June 1 through May 31). All non-union, non-exempt (Support Staff) employees required by their supervisor to work on a holiday that is set forth on the above listed holiday schedule will receive 1.5 times their regular rate for working that day plus either a floating holiday or paid the additional 7 or 8 hours for the day itself. All floating holidays must be taken by May 31<sup>st</sup> each year or forfeited.

Full-time non-exempt (Support Staff) employees who are "flexing hours" in the summer months may submit hours for holiday pay at the hours they are scheduled to work that day. However, the total holiday hours taken will be subtracted from the above annual hours. The employee will also have the option, with the agreement of their supervisor, to work a 5 day work schedule during a holiday week at their regular 7 (or 8) hour day.

#### Who is eligible for paid holidays?

Regular full-time exempt (Administrative/Professional Staff) and non-exempt (Support Staff), and temporary full-time exempt and non-exempt employees who are hired into a 9 to 12 month position are eligible for paid holidays as of date of hire.

## **Skidmore College Employee Benefit Plans**

After one year of employment, regular and temporary part-time exempt and non-exempt staff, employees in shared positions, and full-time temporary exempt and non-exempt employees hired for less than 1,365 hours per year, are eligible for paid prorated holidays based on their regular scheduled hours provided they are normally scheduled to work on a designated holiday.

### **PERSONAL LEAVE**

#### **How do I earn and use personal leave?**

With the permission of your immediate supervisor, personal leave is available to non-exempt employees for those occasions when you must take blocks of time off from work for business or personal reasons without using earned vacation for other than its intended purpose. Examples of appropriate uses of this benefit include such things as doctor appointments, house closings, extended bereavement leave, household moves, and other personal needs (these are examples only and not intended to be exhaustive). Personal leave is not intended to extend vacation.

Three (3) personal days, to a maximum of 21 hours for those employees working a 35-hour workweek in a 12-month position, are credited on June 1<sup>st</sup> of each year to continuing employees. Employees working a 40-hour workweek in a 12-month position are credited with 24 hours.

Full- and part-time employees hired after June 1<sup>st</sup> are credited with a prorated portion of the above personal hours. Personal leave not used by May 31<sup>st</sup> is forfeited. Personal leave must be used in blocks of not less than one-half (1/2) hour increments.

Pay in lieu of leave is not permitted. Employees who terminate their employment do not receive payment for any unused personal leave.

#### **Who is eligible for Personal Leave?**

Full- and part-time non-exempt employees hired for at least a 9 month appointment are eligible for personal leave upon date of hire.

Every attempt has been made to ensure that all information in this Summary of Benefits is clear and accurate. However, this Summary is not a legal document. An individual Summary Plan Description governs each benefit plan available through Skidmore's benefits programs. Benefits may be changed or revised at the sole discretion of the College.
